

Student Name: \_\_\_\_\_ Major: \_\_\_\_\_

Anticipated

Date of Graduation: \_\_\_\_\_ Advisor: \_\_\_\_\_

The Environmental Engineering Certificate offers degree-seeking undergraduate students in the College of Engineering a curriculum that integrates principles of engineering, biology, and chemistry with the development of sustainable solutions to environmental problems impacting ecosystem and human health.

Prior to applying for the Environmental Engineering Certificate, applicants are required to meet with a member of the Faculty of Record to discuss their career goals, environmental interests and their course plan. Once applicants have met with a member of the Faculty of Record, they must submit this form with their online application.

*I confirm that I met with the above-named student to discuss their intention to apply for the environmental engineering certificate. We discussed their interest in environmental topics, their career interests and their course plan.*
