

College of Engineering Staff Council Meeting Minutes

March 16, 2022

In attendance: Melanie Smith, Cody Mitchell, Jennifer Cecil, Derrick Meads, Alicia Anderson, Ravyn Ladenburger, Amy Long, Dale Davis, Callie Viens

Meeting called to order at 10:04.

Two Agenda Items

Meet and Greets

Consider doing two meet and greets in April, possibly do Wednesday's. We could order pizza to try and increase attendance, we can consider April 13th and April 27th. We could ask Dr. Anderson and department chairs to send out an email to their staff to get the word out there and request an RSVP. Idea was holding a meeting in each Engineering building. May be nice to kick things off with a speech to talk about Staff Council.

What would we want to accomplish?

1. Promoting staff council, what we do and what we do beyond planning nice get togethers.
2. Also talk about being a Staff Senator (Dale could speak about this)

End of year Summer Bash

Have it planned out. Just need to get the marketing materials together for that. The date is May 12th at noon.

Derrick motioned to adjourns, and Amy seconded.

Meeting ended at 10:16AM.
